STOP MOTION MOVIE MAKING WITH LEGOS

Join us to create our own stop motion shorts using our collection of legos!

There will also be snacks for creative fuel.

**EVERYONE OR
EVERY TEAM
GETS THEIR OWN LAPTOP!**

BUT, WHAT IS STOP MOTION?

Stop Motion is an animation technique that often uses either clay or puppets to create a moving video sequence. The video is created by photographing the clay or puppets repeatedly with small movements so that when the pictures are played an animated scene is created! (Like a flip book!)
