

John Lyman School Grade 1

As in the past several years, parents of elementary school age children are being asked to purchase school supplies for the 2016-2017 school year. Below is a list of the specific items needed by students in first grade. As you know, materials and supplies are provided for student use in various places in the room. It is important for you to know that the **exact** item is what is required to meet the instructional needs in the classroom. At the beginning of the year, all of the supplies will be stored in the classroom supply closet and the teacher will put out the items as needed.

Since we are able to order school supplies at a discounted rate, the savings would be passed on to you. While you do have the option of shopping for your own supplies, you will find that taking part in a bulk order will save you money and time and the supplies will be in the classroom for all students at the beginning of the school year.
