

Practice ACT Exam

The ACT is a national college admissions examination that consists of subject area tests in English, math, reading, and science. The ACT with writing includes the four subject area tests plus a 40-minute writing test. ACT results are accepted by all four-year colleges and universities in the US.

The ACT is a curriculum-based achievement test, measuring what a student has learned in school. The current SAT is more of an aptitude test, testing reasoning and verbal abilities.
